Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 45-52 are rejected under 35 U.S.C. 102(e) as being anticipated by Klieman et al. (6,270,508).

With respect to claim 45, Klieman et al disclose a medical instrument comprising a first jaw (40) a second jaw (44) a base (45) from which the first and second jaws can be supported, a pivot (42) for at least one of the jaws, wherein the pivot is spaced from a center axis of the base to provide enhanced gripping; as best seen in FIG.3A; and a slide mechanism (30) in the base for controlled pivoting of the at least one jaw about the pivot; as set forth in column 2, lines 20-53, column 4, lines 40-67, column 5, lines 1-49.

With respect to claims 46-52, Klieman et al disclose all the limitations, as set forth in column 2, lines 20-53, column 4, lines 40-67, column 5, lines 1-49, and as best seen in the FIGS.

Allowable Subject Matter

Claims 1-44, 55-72, are allowed.

Claims 53,54 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Amendment

Applicant's arguments, see Remarks, filed 3/8/07, with respect to the rejection(s) of claim(s) 12-16,20-29,32-33,36-40,42-44 under 102 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Klieman et al. The indication of allowability of claims 45-54 has been withdrawn.

Conclusion

A shortened statutory period for reply to this action is set to expire THREE MONTHS from the mailing date of this action.
